DESIGN COLLECTION · 93 DESIGNS

Classical & Traditional Entry Doors

93 classical designs for a custom front door: glass over raised panels, arched rails, fanlights and solid paneled doors. Every Chablais door is made in Europe and drawn for your opening, in the wood and finish you choose. Pick a model, mark it up, or send us a photo of a door you love.

HOW TO USE THIS COLLECTION

- Note the model number and send it to us with the size of your opening.
- Every line can move: glass, bars, panels, top rail, handle.
- Single or double door, with sidelites and a transom.
- The drawings show the design only. Final proportions come from your shop drawings.

Glass Over Panels

Glass in the upper part, raised panels below. Square, arched or eyebrow top rail, with or without divided lites.

FROM A SKETCH TO YOUR FRONT DOOR

Ready to choose your door?

1

SEND US YOUR CHOICE

The model number, the size of the opening, and a photo or plan of the house. Your own sketch works too.

2

DRAWINGS AND 3D VIEW

We draw the door in its opening, with sections and hardware, and send you a 3D view to approve.

3

WOOD AND FINISH SAMPLES

You approve the wood, the stain or paint color on a real sample, and the hardware finish.

4

MADE IN EUROPE, DELIVERED

Built, finished in the factory and glazed, then crated and shipped to your site, with service in the USA.

CONSTRUCTION

Leaf and frame 2-11/16″ (68 mm), three-ply engineered solid wood, multipoint lock, heavy-duty 3D-adjustable hinges, thermally broken threshold.

WOOD & FINISH

Mahogany, white oak, teak, Accoya, larch and more. Any stain or RAL color, factory applied. Aluminum, bronze or copper clad outside.

OPTIONS

True or simulated divided lites. Leaded, seeded or beveled glass. Brass, bronze or black iron hardware. Sidelites, transoms and double doors.
